Section 5: any other comments
Would probably use Crowle facilities
Wants to use facilities
Would appreciate more notice of community events
Concerned about new facilities
Community speedwatch group needed
A new site should be on a level with playing field and more parking
With school now growing, hall is important for activities
Crowle activities already underway, don't overlap
Closer to school would be good
Noticeboard up to date, walking club
Current venue totally not fit for purpose. Can't see any point in throwing good money after bad. We need a new village on a bigger site to be able to market and stage events more appropriate to our times and population. Sell the site. Currently only used by very few people.
It would be great if the Parish had a modern multifunctional space - many people use village halls to celebrate life events: be that children's birthday parties, weddings, 40ths, 60ths, wakes etc as well as for community groups. It would also be great if there was a space that the school could also utilise for PE / clubs / drama or even just whole school get together as the school is growing and thriving but lacks its own hall space. I would also love to see community activities that are inclusive of the isolated elderly in our communities as well as recognising the needs of busy working families: I have often thought it would be lovely to do an evening community meal once a week where all ages could come together.

Section 6: would you join a small group to oversee improvement to the facilities? Y/N	YES	NO ANSWER
